

# Tierrett Guidewire

Registration No. of Medical Equipment for Animal Use: 28 Douyaku 2112

Offered special design for animals

“hydrophilic guidewire” at cheaper prices

Developed “for urinational stent placement”

## ○Features

- Two types are available choosing according to a case
- Comes with hydrophilic coating
- Achieves both insertability and removability
- Comes with hydrophilic Ni-Ti cable core

“Tierrett”, derived from the German word “Tierrettung” (aid for an animal), is a brand of CREATE MEDIC for animal medical products that were developed with the aim of helping sick animals.

# Tierrett Guidewire

Features

I

Two types are available: **0.016 inch** (supported 2.1Fr stent), **0.018 inch** (supported 2.5Fr stent)

II

High insertability is ensured by a moderately elastic hyper-elastic Ni-Ti (nickel titanium alloy) cable core and hydrophilic coating.

III

Adopted angle type to reduce tissue damage.
